-

Extracurricular Activities

- Developers Student Club (DSC) Lead, Osun State University, Osogbo
Google Developers program for University students, designed to help you build your mobile and web development skills and knowledge.
 - Facilitator at AfricaCodeWeek Osun State, Nigeria
I introduced high school students to programming using Scratch by MIT and they created stories using the software.
-

Work Experience

- I interned with Hotel.ng 4.0 and I developed a knowledge based and user-trainable chat-bot with PHP and Ajax.
- I interned with Telemedicine Department in University College Hospital, Ibadan. Where I developed an electric energy calculator that determines the electric capacity of an inverter with C# and Windows Form Application.

SOFTWARE CERTIFICATIONS AND PROJECTS

Freecodecamp Responsive Web Design.

I implemented a tribute page, a survey form, a product landing page, a technical documentation page and personal portfolio webpage with HTML, JavaScript, and CSS and also hosted them on codepen.io.

Andela Learning Community with Microsoft: Front-End Web Development.

I implemented a responsive and mobile friendly website with HTML, CSS, jquery and bootstrap and I hosted it on github pages

Andela Learning Community with Google: Web Development Beginner Bundle

I built a progressive web application that converts an amount in a currency to its exact amount in another currency.

IBM Africa Developers Course

I implemented **OpenWeather**'s API to build a weather app with Nodejs express framework that displays the atmospheric condition of a city at any given time.

SKILLS

Software: HTML / CSS, JavaScript (Nodejs), PHP (Vanilla), C# and Git

Database: MongoDB, MySQL and PostgreSQL.
