SUMMARY

Full Stack Web Developer with 3+ years' experience in programming, seeking to leverage solid skills in math, logic, and cross-platform coding as a developer.

EDUCATION

Bachelor of Science in Computer Science   *2019*
Osun State University

WORK EXPERIENCE

SOFTWARE DEVELOPER INTERN   *April 2019*

While an intern at Hotel.ng,

- . I implemented Progressive Web Application into Devalert.me, a job and internship finding platform for African software developers.
- I Consulted user experience team to outline website goals, illustrate wireframes and developing the website based on the organization requirement.
- I Identified and fixed bugs on the website, while increasing the web traffic by 10%.

GOOGLE DEVELOPERS STUDENT CLUB LEAD

- I was responsible for acquiring and managing more than fifty student developers into the team on my campus while building solutions for local businesses in our community.
- I organized and meet-ups to exchange ideas on software development .

FREECODECAMP   *February 2018*

Freecodecamp Responsive Web Design

I developed a tribute page, a survey form, a product landing page, a technical documentation page and personal portfolio webpage with HTML, JavaScript, and CSS and also hosted them on Codepen.io.

ANDELA LEARNING COMMUNITY   *February 2017*

Andela, Nigeria

Andela Learning Community with Microsoft: Front-End Web Development.
I implemented a responsive and mobile friendly website with HTML, CSS, JQuery and bootstrap and I hosted it on github pages.
