BENJAMIN CHARLES TAYLOR
Front End Developer & Designer

Location: Bethlehem, PA

Email: benjvmintaylor@gmail.com

Phone: 570-575-2253

SUMMARY

A young, technology obsessed individual seeking to solve problems by unifying communication design and modern web standards with clarity and purpose.

EXPERIENCE

CORCENTRIC
June 2017 - December 2017

Web Design & Development Intern
Cherry Hill, NJ

• Managed UI design, development, and collaboration on multiple successful feature launches to increase user engagement for the internal company Wordpress website.

• Gained valuable experience as a member of a team that utilizes an Agile development cycle with a focus on team collaboration tools such as JIRA, BitBucket, and GIT.

• Focused heavily on writing semantic HTML, SCSS, and Object Oriented Javascript to elevate projects from paper prototype to polished product.

• Simultaneously coordinated updates on various company managed websites alongside daily work.

HOMEBASE SKATESHOP
March 2012 - December 2015

Web Design Specialist / Sales Associate
Bethlehem, PA

• Built web templates and designed / photographed assets for products to sell online using semantic markup that ranked highly in search engines.

• My work generated over $3,000 in extra revenue while providing my own salary for stock that was not currrently poised to sell in person.

PROJECTS

TINY PUBSUB JAVASCRIPT LIBRARY

An open source, bite sized Javascript messaging library for adding, removing, and dispatching events. This project is based the observer software architecture pattern and built with ECMAScript 2015.

CAREERS LANDING PAGE FOR CORCENTRIC

Researched and designed a production ready landing page mockup in Adobe Photoshop & Illustrator for prospective employees looking to join Corcentric as an incredible place to work.

EDUCATION

TEMPLE UNIVERSITY
